Dear MBSR Board members and International Service committee:

We need to do the following changes to our Baja District Grant for the Primo Tapia School in Baja. The Secretary of Education did not approve the shade "Sunbrella roof tarp" installation because they claim this kind of roofing with the coastal winds is not safe for the children in the event that could blow down by bad weather. The Grant was originally approved for:

RYLA \$3000.00  
SCHOOL PROJECT \$2500.00  
TOTAL \$5,500.00

All documents, Progress report, and photos are attached to grant P-5275 as follows:

1. School request letter (Spanish).
2. Translation of School request letter page 1&2
3. Projectors type
4. Projector ceiling support.
5. Steren quotes for screens
6. Projector ceiling classroom sample.

The school has submitted a "Needs List" and is requesting the following items:

Rotary members will be coming to the school to install the projectors in the appropriate classrooms and help the children replant the ECO garden on Friday June 6<sup>th</sup>. We are attending and running on Saturday June 7<sup>th</sup> the RYLA event at the Red Cross located in Tijuana. Let me know if you have any questions.
