Whom It May Concern,

Thank you for considering assisting families in our program post Covid struggles. We have chosen families that will use the opportunity to spread their food budgets over the summertime months, while school is out of session. These children generally eat two meals a day/5 times a week during the school year. Families have lost work, forced having to stay home due to having to homeschool their children, vehicles broken down, etc. These grocery cards will help them purchase fresh fruits & vegetables, proteins, and other foods that are often kept out of a thinned budget over these months. While this extra funding would be appreciated at any other time, it would be a Godsend for these families at the current time.

Families & Number of Members- (Please do not release the names.)

Snyders (7)	Jensen (7)	Sharon (2)
Dowell (4)	Greist (5)	Depue (6)
Joiner (6)	Johnkins (3)	Scott (5)

Warm regards,
