Dear Poway Rotary Foundation,

We can't thank you enough for your generous gift!

Right now, you're providing life-giving access to clean water. With the help of your gift, DIGDEEP is empowering communities to build smart water projects that fit their needs. Our water access projects are community-led, and measurably improve human rights standards like gender equity and access to education – making people healthier, happier and more equal.

We've sent 100% of your donation to the Navajo Water Project. If you have shared an email address with us and would like to be updated on our work, we would be happy to share our project reports with you! You can learn more about our other projects, our 100% promise, and your gift's impact by visiting digdeep.org

We believe that all people - no matter who they are or where they live - have a right to clean water. Some need a community-led project like a well. Others need an education project to help them better understand and protect the resources they already enjoy.

Either way, DIGDEEP is here to defend the right to water we all have in common.

Here's to changing the world, together.
