

Sleep in Heavenly Peace – Casper Bed Build

This project supports a bed build initiative with Sleep in Heavenly Peace (SHP), a multi-state nonprofit that provides beds to children ages 3 to 17 who are sleeping on couches, floors, or in unsafe conditions. The goal is simple: No Kid Sleeps on the Floor in Our Town.

Casper Five Trails Rotary Club will fund materials and bedding and provide volunteer manpower to build beds for children in need. SHP will supply the necessary tools and building plans, while Rotary volunteers construct and deliver beds to local families.

Children are identified through trusted channels such as schools, courts, child advocates, and law enforcement. Rotary's support ensures every identified child will have a safe, comfortable place to sleep.
